

DESIGN BRIEF

**Company Name:**

Clear Delve

**Company Description:**

We are a family store that sells video games. Our main product stands out because of its price and convenience. Our target audience is seniors. We want to convey a sense of bravery, while at the same time being professional.

**Job Description**

You must create a website that will mainly provide information. The goal is to provide a great user experience. Besides the landing page, the website will need a about page, product pages and a terms of service page. The landing page should have a Our Values section. There should be a call to action to get users to view the catalogue. They would prefer a monochromatic design, and would like you to use the brand color, which is grey. Take into account the client's preferences and values.
